Congressman Burt L. Talcott reports that negotiations with GSA for the recently declared surplus lands of Ft. Ord have been successfully completed with the County of Monterey receiving the full 500 acres.

This property includes the 300 acres containing Laguna Seca Raceway, and 200 adjoining acres just off Highway 68 (Salinas-Monterey Highway).

With this additional 500 acres to Monterey County, Talcott said, "This can be a great boon to Monterey County. Park, recreation and open space in this area is essential now and the need will increase with future growth."

Talcott was very pleased that the raceway will be saved. "SCRAMP (Sports Car Racing Association of Monterey Peninsula) is a valuable and respected recreation and charitable organization. The raceway is popular locally and famous internationally," said Talcott. "With the raceway and adjoining land we have the potential for one of the most outstanding park and recreation facilities in our area."

According to Talcott, SCRAMP officials, County Supervisors and other local officials and interested citizens will be consulted in the near future to assist in developing the best possible plans and arrangements for the property. Talcott cautioned that the development must be carefully planned to insure proper use while at the same time keeping the area as "open space."

With respect to the property along Highway 68, Talcott favors a properly developed four lane divided highway. Talcott suggests that it should be "a scenic boulevard with hiking, biking and bridal trails at least between Torro Park and the new park. Safety, convenience, and the preservation of the beauty and natural resources of this road require immediate implementation."

Talcott further cautioned that he hoped that further excessing of Ft. Ord would be curtailed. "Ft. Ord is essential to us, our national security and to our local economic well being. Nibbling away at the periphery could, in time, jeopardize the function of Ft. Ord," Talcott concluded.

In the agreement with GSA, the property would revert back to the Government if it is not used for park and recreation or if the Army should require it in the event of future mobilization.

WINS AGAIN - Ebony Golf Club once again defeated Seaview Golf Club in their annual match. For second time in three years, Alfred Gilken, vice-president of Ebony, received winners trophy from C.L. Williams, president of Seaview Golf Club. Ebony Club was established four years ago as Elks Golf Club and has sinced changed its name. Membership is open to interested golfers on peninsula and a youth golf group for beginners is also in makings. For more information call 372-9080 and leave your name, phone number and address.

Spartan Club Meeting Is April 4

The Seaside Spartan Minibike Club will have its meeting next Wednesday, April 4. All parents are requested to attend this very important meeting.

The meeting will be held at the Youth Center, 1185 Wheeler. For further information, call J.J. Jones at 394-8531, extension 58.

Seaside Police Chief Ben Cooper has announced that the police department is going to crack down on illegal activities of minibikers.

The chief said that in addition to riding their unlicensed vehicles on the public streets, some drivers are invading the city's parks and are damaging the grass and paths.

Cooper also said that the minibike track which the city has provided behind Seaside High is being threatened by those riders who are spilling over onto the athletic field and other parts of the campus.

Children caught riding a minibke will be issued a citation for operating an unregistered vehicle without a driver's lincense. They will not be allowed to ride home, but will be held where they are until their parents come to pick them up.

If the parents cannot be reached, the child and his bike will be taken to the police station, where they will wait until the parents are reached.

10th Street Gate Closed

The 10th Street Gate, long used as a main entrance and exit to Ft. Ord, was permanently closed March 26.

This closing is another step in the development of the Highway #1 Freeway. This means that for at least the next six weeks traffic from Monterey, Seaside and points south of Ft. Ord must enter the post at the Main Gate, open 24 hours a day. All visitors must enter at this gate.

Cars coming from the south with post decals may also enter at the Coe Ave. Gate, open 24 hours daily; the Broadway Gate, open from 6 a.m. to 9 p.m.; and the South Boundary Gate, open from 6 a.m. to 8:30 a.m.

The 12th Street Gate, a new entrance, will be open for incoming vehicles from Marina and the north on or about April 9 and for cars from the south sometime in May. This new exit is open for cars leaving Ft. Ord going north 24 hours daily and to cars from the north, with decals, from 6 a.m. to 6 p.m.

The Imjin Road Gate on Reservation Road will be open 24 hours a day to decaled cars and the East Garrison Gate will be open from 7 a.m. to 5 p.m.

PWP Meeting And Election

Parents without Partners will have a very important general meeting to elect new officers for the coming year on Thursday, March 29, at 7:30 p.m. at the Monterey Public Library. All members are urged to attend and as an inducement to attend, all those who do so will be given free admittance to April PWP functions.

Bill Bans Low-Flying Planes Over Point Lobos

The California State Assembly overwhelmingly passed a bill by Assemblyman Bob Wood recently prohibiting low flying aircrafts over Point Lobos and other wildlife areas in California. The bill passed by a vote of 49 to 7.

The bill had been introduced by Wood as the result of an incident caused by a movie company photographing bird like in the Point Lobos area. Several days later, four sea otter pups were found dead and there has been conflicting information as to their cause of death. Originally, it was thought that the frightened mother otter stayed under the water in fright for such a long time that the lungs of the pups proved inadequate and the four pups were drowned. Later investigation by the Department of Fish & Game was inconclusive and no positive determination of the cause of death was made.

The Monterey County Assemblyman said in presenting the bill in the Assembly, "Since we have attempted to protect these areas from the ground, it is only logical that we also protect these areas from the air." When the bill was first introduced, Wood claimed that "it doesn't make much sense to set up these game reserves, and then allow airplaines or helicop ters to swoop down and disturb the tranquility we are trying to preserve. For this reason we are prohibiting any aircraft without special permission to fly under 1,000 feet over these designated wildlife areas."

The Wood bill, AB 15, was passed unanimously last week by the Assembly National Resources and Conservation Committee. At that time Wood had the Committee amend the bill to include Anacapa Island in Southern California and the Sespe Condor Sanctuary in the Los Padres National Forest as protected areas. Anacapa Island is the nesting area of the Brown Pelican and the Sespe Condor Sanctuary is one of the few remaining protected areas for the California Condor.

The Wood bill also provides protection for the California Sea Otter Game Refuge along the Monterey County coastline, Ano Nuevo State Reserve, a sea lion rockery located on the Santa Cruz-San Mateo County line, the Farallon Islands Game Refuge off of San Francisco, and the San Miguel, Santa Barbara, and San Nicolas Islands in the Channel Island chain off of southern California.

The bill has been actively supported by the Ventana Chapter of the Sierra Club, the Monterey Peninsula Audubon Society, the Friends of the Sea Otter, the Point Lobos Advisory Committee and the State Department of Fish & Game

There is in congress now a resolution to abolish the House Internal Security Committee, (HISC) and transfer the committee jurisdiction to the House Judiciary Committee. Congressman Waldie sponsored the resolution and already has 50 co-sponsors.

According to Committee staff personnel, the information is gathered from periodicals, newsletters, and other printed material, as well as interviews by Committee investigators. The Committee then tells the agency if the applicant's name was ever contained in a news article in such "leftist" publications as New Republic or Nation, or perhaps was mentioned in the Black Panther publication.

Congressman Waldie sats, "No real effort apparently is made to place any content around the possible mention in a publication, but I am sure that the very fact that a job applicant's name is contained in the HISC files weighs heavily against him."

There is another similar Committee functioning, or functioned in the past, called the

Today's Army NEWS By SSG R. Cardwell ARMY RECRUITER

Hi everyone.

Well Spring has sprung, the end of the school year is nearing and jobs are hard to find. Are you going to be without a job for the summer? Or for those of you that are graduating, what about your career opportunities. TODAY'S ARMY is where young men and women can receive training that will benefit them in their civilian job market and offer certain benefits that will assist them in continuing to college after completion of their enlistment term or they can take advantage of our in service schooling programs. TODAY'S ARMY'S technical schools are great. One particular is in the Radar field.

The development of radar as a tracking device has eliminated a lot of sleepless nights in this country. And the operation of radar equipment has provided many Americans with jobs, particularly, in the United States Army. At the U.S. Army Combat Surveillance and Electronic Warfare School at Fort Huachuca, Arizona young men and women are currently undergoing intensive instruction which will enable them to work as Ground Surveillance Radar Crewmen in TODAY'S ARMY. After their training at Fort Huachuca, Arizona they are trained at Fort Bliss, Texas to test, operate and maintain military radar equipment. They are taught how to supervise and control a ground control surveillance radar unit. They are also shown how to reconnoiter position areas, reconnoiter meaning to explore or survey. These are all skills which are needed once they begin work in the field.

A young person's ambition to get ahead is in no way restricted in TODAY'S ARMY. His or her youth will never prohibit them from receiving as much responsibility as he or she can handle. If they want badly enough to be a supervisor and has proven themselves capable, the waiting period is not long.

Before a young man's or woman's hitch is up, a Ground Surveillance Radar Crewman will know the fundamentals of combat intelligence, observer procedures, the principles of radar, how to prepare radar for emergency use and how to identify moving targets by type through normal interference of jamming. It is the kind of work many young people find exciting. And there is *little doubt that it provides them with a better* respective of national security and defense precautions.

Young men and women interested in radar opportunities available in TODAY'S ARMY are invited to contact us at 431-Webster St. Monterey, or call 372-4742/372-0553.

MPC's Community Outreach Program Has Helped Many

One of the community-oriented programs at Monterey Peninsula College has been reaching out to help the educationally disadvantaged of the Monterey Peninsula since October.

Called Community Outreach, it has helped at least 46 people into MPC and provided information on colleges to many others in the time it has been operating.

Eight MPC students, staffing the Outreach office at Olympia Plaza in Seaside, have achieved this record by contacting people not normally attracted to college. Under the direction of John Rivers, MPC Associate Dean of Student Personnel, the students keep the office open from 9 a.m. to 5 p.m. daily to distribute information about MPC, other colleges and college requirements.

"It gives interested students field experience in helping people," said Rivers, "while performing a service for the community."

Financial aid and child care on campus are the usual concerns of those using the service. The people are generally high school dropouts, housewives and mostly from low income groups.

The staff answers what questions it can and schedules appointments with MPC counselors for complex problems. Eventually all those helped see an MPC counselor who is credentialed and has a psychology degree. Anyone can call the Outreach office for information at 394-5580; an average of seven people each day avail themselves of the service.

A speakers program is provided by Community Outreach to explain its purpose to various clubs on the peninsula. Some of these clubs also act as liaison agencies for Outreach's recruitment programs.

Recruitment involves identification of the educationally disadvantaged through liaison with a number of agencies. Besideds civic clubs, agencies include the parole office, Human Resources Development and community action programs at high schools.

When a possible recruit is identified, staff members contact him to offer their assistance and services. If accepted, an interview is arranged to determine the person's interests and background and, at times, a preference test is administered. After the recruit receives this initial information, the staff maintains contact as a follow-up on how well the person has adapted.

Alfrieda Johnson, student coordinator, noted that all the questions received are fairly relevant. She added, "I feel good for having helped people who could not otherwise have been able to go to school." Each student works 15 hours a week at the office and has a goal of helping 10 people per year.

Funds for the Outreach project's expenses come from Educational Opportunity Porgrams and Services, a state bill passed last year known as the Alquist Bill.

Sale Is Scheduled

The Democratic Women's Club of Monterey County will sponsor a "Second Time Around Sale" Saturday, April 7, at the American Legion Hall, Dolores and 8th, Carmel.

Featured will be a silent auction, used clothing, kitchen items, toys, plants, jewelry, books and a snack bar for refreshments.

Award Banquet Set

The Distinguished Service Award Banquet sponsored annually by the Monterey Peninsula Jaycees will be held Friday evening, April 13 at the Rancho Canada Golf Course. The dinner will be highlighted by the presentation of the "Outstanding Young Man of the Year" award to the man selected by a panel of judges.

The featured speaker of the evening will be Lt. Cmdr. Everett Alvarez, longest held POW of the Vietnam War.

The public is cordially invited to attend this event. The dinner will commence at 7:30 p.m. It will be preceded by a no-host cocktail party at 6:30. Alvarez's keynote address will be at 9 p.m. Tickets for the night are $8 per person.

Ray Lucido, chairman of this year's event, announced that tickets are available at Monterey Savings and Loan, Salinas and Monterey and Wester Volkswagen.

Continued from Page 1

House Committee on Un-American Activities. I think it has been abolished. That Committee was always considered a constant threat to the civil liberties of many Americans.

What makes both Committees worthless, in my opinion, is the fact that not a single positive end has resulted from the socalled investigations conducted by these Committees. Its motivation and intent is questionable and its system of secret dossiers on Members of Congress and other Americans is contemptible.

Incidently, HISC requested recently $575,000 for its operations this year. Did you know that this expenditure is higher than several other Congressional committees (including Judiciary, Armed Services, and Ways and Means)? Bib Brother is reaching for the Moon!

Speaking of Committees, here we go again. (This must be my day.) How many of you have heard of the Black Silent Majority Committee? It too is in Washington, D.C. (Big Brother's House) BSMC pointed to an apparent new wave of violent crime by radical black militants during the past three months, and has invited responsible, grassroots black leaders and citizens to join an all-expense paid National Crusade for Law and Order in Black communities.

The BSMC group said recent incidents in several cities strongly indicate a renewed trend toward violence (including a possible radical conspiracy to kill policemen) that could accelerate into bloody urban upheaveals such as the country experienced in 1964, 1967 and 1968.

This Committee is prepared to pay travel, lodging and all other expenses for participants accepted. (Adress furnished upon written request).

Incidently, issuring the invitation for people to join this anti-crime Crusade is Black Silent Majority Director Clay Claiborne.

We shall disperse with the Committees now and deal with the matter closest to our heart: people. People became better people because of people like Andy Barragan. Last Thursday evening Mrs. Barragan took Andy back to Community Hospital. But this time it was just as a precautionary measure. Andy had developed a slight fever, he had noticed his inability to contain his weight as prescribed by the, and was suspected of having a slight cold.

He is coming along fine now, so you may stop worrying now. Jean and Kathy (Andy's wife and daughter) were laid up a few days with a sneaky virus also. But everything works out for the best. Andy received a few days rest in the hospital, the rest of his family did a bit of "gold-bricking" at home, and everything turns out smelling like a rose.

Sometimes I suspect that Andrew E. Barragan pulls these little capers just to keep us on the ball. I have a constant prayer going to the right place. How about you?

We are certain you noticed the Montgomery Ward ad in this week's edition. Let us all give a standing ovation to Mr. Canadian in welcoming him to our fold. We were as happy as he (or happier) to learn that the Main Office signed a $26,000 contract for the remainder of 1973. So there is only one way to go. And with the aid of our other friends in and around the Peninsula, we shall flap our wings gleefully as we soar heavenly. Peade be with you.

Chamber of Commerce Progress Report

by Verlaine Crawford, Executive Director

Meetings and more meetings...our society seems to be one continuous meeting, and the Seaside Chamber is not losing ground. This Wednesday, March 28, the Military Affairs Committee is meeting with the representatives from all the Chambers on the Peninsula to discuss making Military Appreciation Week a Peninsula-wide affair. We hope to interest all the chambers in participating and making this a great event each year. Anyone interested may attend the meeting at the Holiday Inn on the beach at 12 noon.

On Friday, March 20, the Membership Committee will meet at Cecil's Pizza Pub to discuss strategies for gaining new members. Chairman Ed Fisher will present new ideas for obtaining members. The meeting will begin at 12 noon and continue through lunch.

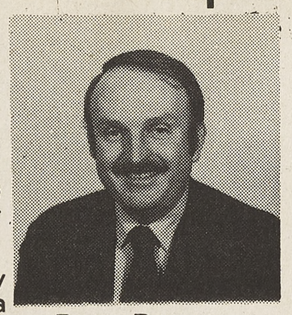
The next meeting of the Board of Directors will be Thursday, April 5, starting at 8 a.m. at the Seaside City Hall. The Board meeting will be followed by a general membership meeting with a presentation by the Honorable Eugene Harrah, presiding judge of the Monterey/Carmel Judicial District, who will speak on small claims courts. A question and answer period will follow. Non-members, as well as members, are welcome to attend.

I attended an interesting meeting on Saturday, March 27, at the home of our Honorable Mayor Dolan and his wife. The Boy Scouts are busy preparing to increase activity in Seaside. Evidently, there were once many more packs and troops in Seaside, but problems arose and the numbers dropped off. The purpose of this meeting was to try to discover what it is that will help get parents active in scouting. The main problem seems to be that most parents are tired at the end of the day and don't want to become involved.

One of the most interesting parts of the discussion to me was the discovery that when parents do get involved, they often have more fun than the kids. In other words, scouting means "outing" which means a chance to get out of town, away from pressures and back to nature. And best of all, scouting gives kids an opportunity to learn more about not only plant life, animal life and the needs of the camper; but these "outings" give him a chance to learn more about himself.

If you would like to get involved with the youth of today and would like to give them a chance to grow up to be responsible individuals, why not get involved in scouting. Mayor Dolan is involved. So are many people you probably know. Charles Hull, a likable fellow is doing his best to help the young men of Seaside. He is the District Scout Executive. He needs you help to help the boys of Seaside. His number is 422-5338. Or, just call the chamber, and I'll arrange a meeting for you. The chamber number is 394-6501.

Your Supervisor Reports



Roger Poyner

The County of Monterey has been informed by Congressman Burt Talcott that the Army has declared through the General Services Administration of the Federal Government that 500 acres of Fort Ord will be offered to the County. This 500 acres includes the present Laguna Seca Race Track and the property immediately adjoining Highway 68. SCRAMP (Sports Car Racing Association of the Monterey Peninsula) is responsible for organizing and presenting the races at Laguna Seca. This outstanding organization, whose Board of Directors is made up od local volunteers, has returned over $1,000,000 to service clubs and other charitable organizations in return for the work and efforts of their respective members. Perhaps you have worked at the Laguna Seca Race Track for your organization. Though SCRAMP's present working relationship with the Army under its lease has been a good one, it nevertheless has been restrictive. As one supervisor, I am hoping that the County will accept the land and negotiate a satisfactory lease with SCRAMP. I see the possibility of amateur motor sports activities at Laguna Seca. There is even a possibility of constructing a drag strip which could be used by responsible clubs. Drag racing is a sport that belongs only on such a track, and not on the public streets. Other suggestions include bicycle races, bicycle paths, a trail bike course (with no racing!), and other activities.

I am interested in knowing what your ideas are about possible uses for this area. Before anuthing is decided, much thought and study will go into it. I will keep you informed as things progress. Phone 373-0046 if you have suggestions for the use of Laguna Seca.

SANITATION

RESIDENTS OF:
SEASIDE, DEL REY OAKS
AND
SAND CITY

Residents of Seaside, Del Rey Oaks and Sand City are requested to cooperate with the Seaside County Sanitation District in checking their plumbing!

An installation is required by the district which protects homes from possible damage caused by sewage backing up in sewer lines and overflowing into buildings. It is a special trap in the house sewer line.

The trap will be identified by a dome shaped black cast iron cap approximately six inches in diameter or an aluminum mushroom shaped cap protruding approximately 1 ft. above the ground just outside the foundation of the house.

Such traps are required by law where any plumbing fixture is less than 2 ft. above the rim of the nearest manhole up hill from the point of connection of the building sewer to the street sewer.

Most houses in the three cities, where required, have the proper trap. However, there are a few that do not. Particularly houses built prior to September 1957 in the areas of Sand City, Del Rey Oaks, the old sections of Ord Terrace, lower sections Kimball-Hilby, and the old sections below Noche Buena, West to the Monterey City limit line.

District officials want those houses requiring traps to be furnished with them. These traps are installed at owner expense by licensed plumbing contractors.

FREE CHECK OFFERED

Any person who is not sure whether his house needs to be equipped with the required trap may have it checked by calling the Seaside Building Department, 394-8531, or writing the department at 440 Harcourt Ave., Seaside.

The housewives should be made aware that kitchen grease should not be dumped down a kitchen sink, as the grease does create problems in the sewer lines and in the sanitation plant.

Stoppages occur occasionally; however, when foreign matter gets into the system and it is at these times that the trap safeguards homes from damage which otherwise would be caused by sewage overflowing into buildings.

SEWAGE IS AN IMPORTANT PRODUCT!

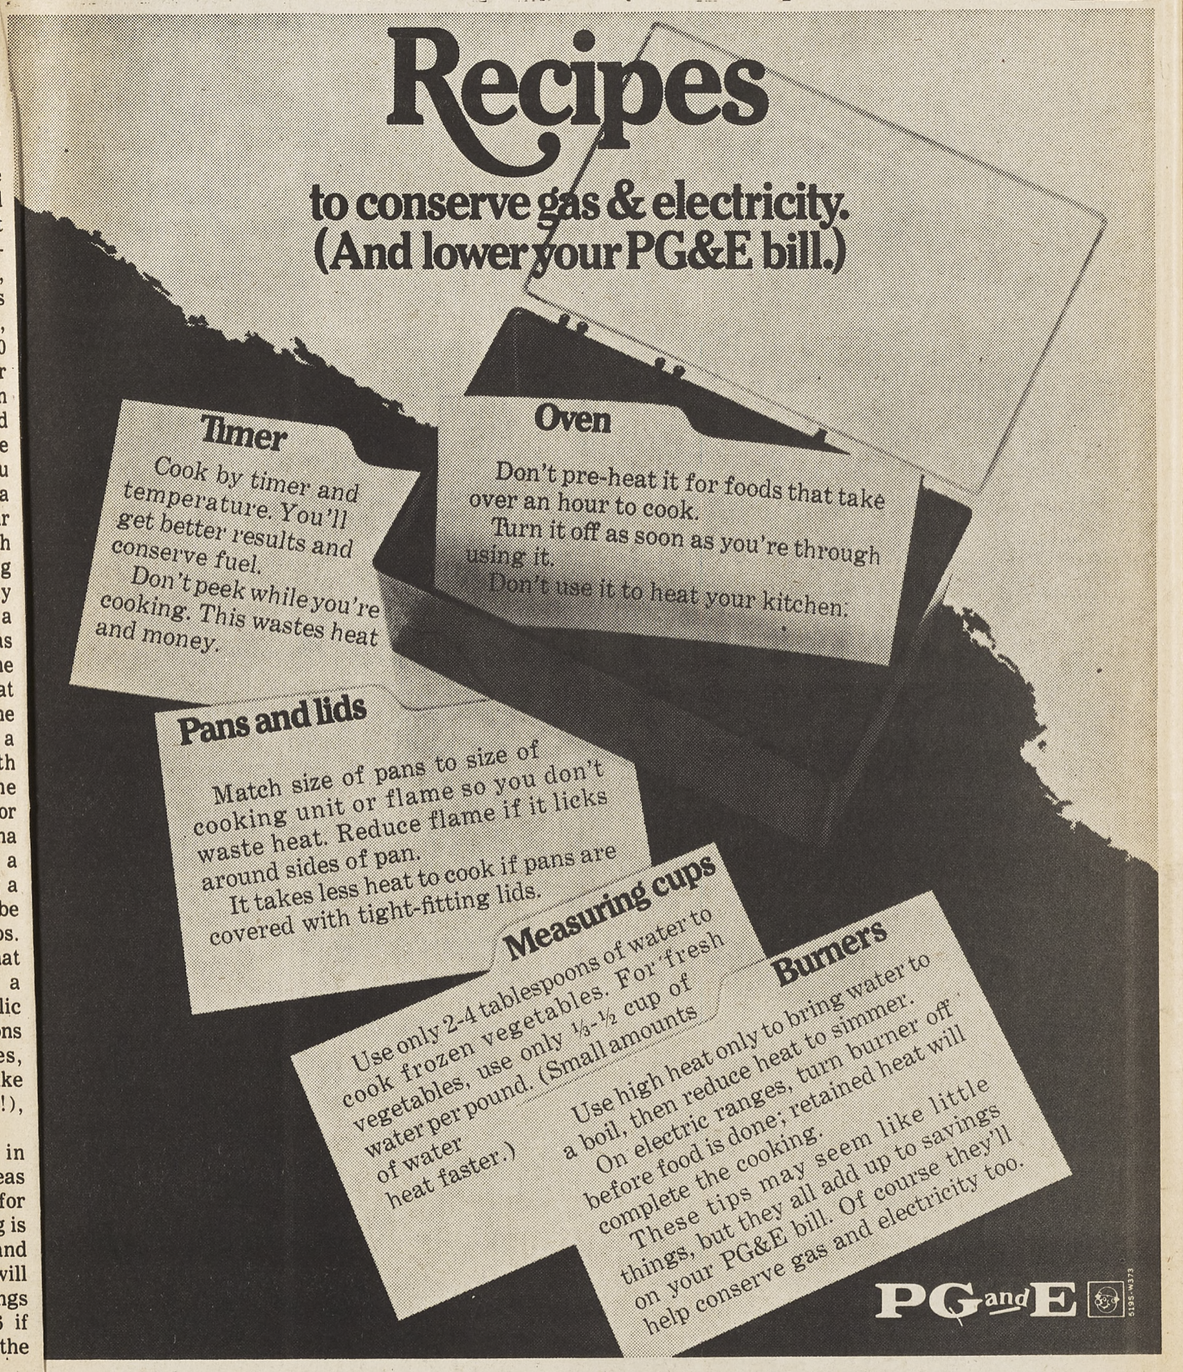
Recipes
to conserve gas & electricity.
(And lower your PG&E bill.)



Timer
Cook by timer and temperature. You'll get better results and conserve fuel.
Don't peek while you're cooking. This wastes heat and money.
Oven
Don't pre-heat it for foods that take over an hour to cook.
Turn it off as soon as you're through using it.
Don't use it to heat your kitchen.
Pans and lids
Match size of pans to size of cooking unit or flame so you don't waste heat. Reduce flame if it licks around sides of pan.
It takes less heat to cook if pans are covered with tight-fitting lids.
Measuring cups
Use only 2-4 tablespoons of water to cook frozen vegetables. For fresh vegetables, use only ⅓-½ cup of water per pound. (Small amounts of water heat faster.)
Burners
Use high heat only to bring water to a boil, then reduce heat to simmer.
On electric ranges, turn burner off before food is done; retained heat will complete the cooking.
These tips may seem like little things, but they all add up to savings on your PG&E bill. Of course they'll help conserve gas and electricity too.

The Monterey Peninsula will have the opportunity to welcome COLD BLOOD this coming Friday in concert at the State Theatre on Alavrado Street in Monterey. The live performance on the 30th, which was to be scheduled for our own Del Rey Cultural Center, has been transferred to the State. Playing along with COLD BLOOD will be GRAHAM CENTRAL. I know you won't want to miss this fine show. Tickets are $3 in advance and $3.50 at the door. The show begins at 11 p.m.

The Planned Parenthood of Monterey County (PPMC) is presenting Walt Disney's, "Charley and the Angel," plus "Cinderella." Saturday, April 14 at the State Theatre. The first showing will begin at 10 a.m., with the doors opening at 9:30 a.m. Donations are $1.25 which is tax deductible and chaperones will be provided. All proceeds will go to Planned Parenthood of Monterey. Tickets are available at PPMC on 17th Street in Pacific Grove, Children's Bootery on Webster Street in Monterey, and Thunderbird Book Shop in Carmel Valley. Those with "little people" around the house should definetly take them to see these delightful Walt Disney's Productions.

The M.P.C. Theatre is presenting another series of plays Sunday, April 8th, with the first show beginning at approximately 7 p.m. One of the plays, entitled "Family Portrait," involves a young militant brother trying to make the big break from the family scene; trying to find his true black identity. His folks, on the other hand, being a third generation of nice obliging "colored" folks, who "brown-nosed" (per se) the white culture, cannot understand quite where he's coming from. That is just a preview of the many plays that are to be scheduled for the 8th of April. That's at the M.P.C. Theatre on Sunday. Admission is free....all they need is you.

The showing of SUPERFLY at the Del Rey Cultural Center will be held over for an additional week, by popular demand.

Keep your ears and mind tuned to 107.1 on your FM dial for coming events and just all-around good music. KZEN is definetly the best thing since sliced bread.... Later on.....
